### WHAT IS REGARDED WHEN APPLYING FOR ADMISSION TO LATTER PART OF PROGRAMME

Rules for admission to latter part of programme can be found in SLU:s admission regulations, chapter 7. You can be admitted to latter part of programme before the second semester at the earliest, if there are available places. To be admitted you have to fulfil the programme's general and specific entry requirements. An assessment is made of your previous studies to decide which year you qualify for. When a decision is made, you will get information through a letter sent to the address in your application.

When the admission decision has been made, you must apply for a credit transfer of courses that will be included in your qualification. You must also submit a late application to the course(s) you will take.
