

Landscape Architecture - Master's Programme		Credits	Subject	Level	Period	Period	Period	Period	Summer	Prior knowledge
					1	2	3	4		
<b>1st semester</b>										
LK0432	Explorations into Landscape Architecture	15	LK	A1N						Knowledge equivalent to 120 credits, of which specific entry requirements: 90 credits in one of the following subjects: • architecture, • landscape architecture, • landscape planning, • built environment, • design, • spatial planning, • geography, • landscape science, • environmental science, • civil engineering  and English 6 or equivalent.
LK0408	Landscape Architecture Theory, Methodology & Practice*	15	LK	A1N						Knowledge equivalent to 120 credits, of which specific entry requirements: 90 credits in one of the following subjects: • architecture, • landscape architecture, • landscape planning, • built environment, • design, • spatial planning, • geography, • landscape science, • environmental science, • civil engineering  and English 6 or equivalent.
<b>2nd - 4th semester (optional courses, and mandatory independent project)</b>										
LK0362	Design Project - Advanced Planting Design*	15	LK	A1N						Knowledge equivalent to 150 credits, of which specific entry requirements: 90 credits in one of the following subjects: • architecture • landscape architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science • civil engineering  and English 6 or equivalent.
LK0368	Digital Landscape Visualisation	15	LK	A1N						Knowledge equivalent to 120 credits, of which specific entry requirements: 90 credits in one of the following subjects: • landscape architecture • architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science •civil engineering  and an approved portfolio according to specific instructions. See link for portfolio instructions during additional information.  OR 150 credits from a Landscape Architecture programme at SLU or an Erasmus partner university.  and English 6 or equivalent.

LK0410	Planning Project - Transforming Urban Landscapes*	15	LK	A1N					<p>Knowledge equivalent to 150 credits, of which 90 credits in one of the following subjects: • landscape architecture • architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science • civil and environmental engineering</p> <p>and an approved portfolio according to specific instructions. Find more information under Other information.</p> <p>OR 150 credits from a Landscape Architecture programme at SLU or an Erasmus partner university.</p> <p>and English 6 or equivalent.</p>
LK0411	Space, Place and Mobility*	15	LK	A1N					<p>Knowledge equivalent to 150 credits, of which 90 credits in one of the following subjects: • architecture • landscape architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science • civil and environmental engineering</p> <p>and an approved portfolio according to specific instructions. See link for portfolio instructions during other information.</p> <p>OR 150 credits from a Landscape Architecture programme at SLU or an Erasmus partner university.</p> <p>and English 6 or equivalent.</p>
LK0382	People and Environment *	15	LK	A1N					<p>Knowledge equivalent to 120 credits, which of specific entry requirements: 90 credits in one of the following subjects: • architecture • landscape architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science •civil engineering</p> <p>and English 6 or equivalent.</p>
LK0373	Planning Project - Large Scale Structures, Analysis and EIA*	15	LK	A1N					<p>Knowledge equivalent to 120 credits, of which Specific entry requirements: 90 credits in one of the following subjects: • landscape architecture • architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science •civil engineering</p> <p>and an approved portfolio according to specific instructions. See link for portfolio instructions during additional information.</p> <p>OR 150 credits from a Landscape Architecture programme at SLU or an Erasmus partner university.</p> <p>and English 6 or equivalent.</p>

LK0378	Urban Forestry - management of urban forests and trees*	15	LK/SG	A1N					<p>Knowledge equivalent to 120 credits, of which specific entry requirements: 90 credits in one of the following subjects: • architecture • landscape architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science • civil engineering • biology • forest science • forest management</p> <p>OR 30 credits from Euroforester Master's Programme</p> <p>English 6 or equivalent.</p>
LK0376	Advanced Digital Landscape Analysis with GIS *	15	LK	A1N					<p>Knowledge equivalent to 120 credits, of which specific entry requirements: 90 credits in one of the following subjects:• architecture • landscape architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science • civil engineering • forest science • archaeology</p> <p>and English 6 or equivalent.</p>
LK0412	Climate Change - Landscape in Transition *	15	LK/BI	A1N					<p>Knowledge equivalent to 120 credits, of which 90 credits in one of the following subjects: • architecture • landscape architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science • biology • forest science • horticultural science • agricultural Science • civil and environmental engineering</p> <p>and English 6 or equivalent.</p>
LK0367	Design Project - Site, Concept and Theory	15	LK	A1N					<p>Knowledge equivalent to 120 credits, which of specific entry requirements: 90 credits in one of the following subjects: • landscape architecture • architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science • civil engineering</p> <p>and an approved portfolio according to specific instructions. See link for portfolio instructions during additional information.</p> <p>OR 150 credits from a Landscape Architecture programme at SLU or an Erasmus partner university.</p> <p>English 6 or equivalent.</p>
LK0400	Urban Landscape Design*	15	LK/TD	G2F					<p>Knowledge equivalent to 60 credits in one of the following subjects: • Architecture • Landscape architecture • Built environment • Design • Spatial planning • Landscape science.</p> <p>and English B or equivalent.</p>

LK0403	The Cultural Heritage of Landscape Architecture*	15	LK	A1N					<p>The equivalent of 120 credits, of which 90 credits in one of the following main subjects: • Landscape Architecture • Architecture • Spatial Planning • Art • Geography</p> <p>English 6 is also a specific entry requirement.</p>
LK0387	Design Project - Composition and Materiality*	15	LK	A1F					<p>Knowledge equivalent to 120 credits, of which Specific entry requirements: 90 credits in one of the following subjects: • landscape architecture • architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science • civil engineering</p> <p>and an approved portfolio according to specific instructions. See link for portfolio instructions during additional information.</p> <p>OR 150 credits from a Landscape Architecture programme at SLU or an Erasmus partner University</p> <p>and the equivalent of 15 credits in Landscape Architecture on second cycle level</p> <p>English 6 or equivalent</p>
LK0384	Dynamic Vegetation Design *	15	LK	A1N					<p>Knowledge equivalent to 120 credits, of which specific entry requirements: 90 credits in one of the following subjects: • architecture • landscape architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science •civil engineering</p> <p>and English 6 or equivalent.</p>
LK0395	Urban Agriculture and Social Interaction*	15	LK/TD	G2F					<p>Knowledge equivalent to 60 credits in one of the following subjects:• architecture • landscape architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science •civil engineering • biology • horticultural Science • agricultural Science</p> <p>and English B or equivalent.</p> <p>The requirement for 60 credits in one of the above listed subjects is regarded as fulfilled by a student who has 15 credits in Food Studies at second cycle level.</p>
LK0431	Theme Course 2024 *	15	LK	A1N					<p>Knowledge equivalent to 120 credits, of which 90 credits in one of the following subjects: • architecture • landscape architecture • landscape planning • built environment • design • spatial planning • geography • landscape science • environmental science • civil engineering</p> <p>and English 6 or equivalent.</p>

EX0852	Independent Project in Landscape Architecture, A2E - Landscape Architecture*; 2 kurstillfällen (period 1-2 och 3-4)	30	LK	A2E						Knowledge equivalent to 30 credits at second-cycle level in the main field of study. A Pass grade for the independent project at first-cycle level, or a Bachelor's degree. The student must have completed at least one course relevant to the subject of the independent project before starting the project.  Knowledge of English equivalent to English 6.
LK0404	Landscape Architecture Practice; 5 kurstillfällen (period 1-4 och sommar)	15	LK	AXX						30 credits in Landscape Architecture on second cycle level, and English 6 or equivalent.

\*Also given as a freestanding course / Ges även som fristående kurs
